Plate Collection Quilt (terracotta)

Something Blue Collection

Is there anyone who doesn't love blue and white pottery? The striking combination has been admired for centuries and it is the inspiration behind the Something Blue fabric collection and its blenders. The simple design of this quilt celebrates such pottery in a collection of appliquéd plates. For some of the plates, areas of the fabric pattern have been fussy cut to showcase some attractive motifs. The blue and white fabrics featured on this quilt are the light-coloured versions, which are contrasted with a terracotta background of a Poppyseed Basic fabric.

- Where a long quarter of a yard is given in the Materials list you could use a fat quarter instead, which is assumed to be approximately 21in x 18in (53.3cm x 45.7cm).
