

Bloomsville Projects

Lush summer colors and exotic motives dominate the season's projects. The fun and figurative Mango Garden quilt stands out with large parrots, and nothing says summer more than the Blooming Lantern quilt. If you prefer a more toned-down project, the Striped Summer Quilt is really fresh and sweet. The large Blooming Lantern and Striped Summer Pillows are great if you want a smaller project, or matching pillows to complement the quilts.

Small decorative pillows in Late Bloomer, Garden Vista and Abloom fabrics do not require further instructions but are fun to add to the mix.

BLOOMSVILLE

SPECIAL EDITION 2023

Bloomsville is an explosion of bright colors and flowers in bloom, perfect for summer projects. The feature design Garden Vista is inspired by old chinoiseries and a sweet motif found on a vase from a factory that closed in the 1960s. Ideal for small decorative pillows, bags and fun details in a quilt. The bold flower motif of Late Bloomer takes inspiration from Indian chintz with large imaginative flowers that are easy to cut into, making the pattern work well for both large and small pieces.

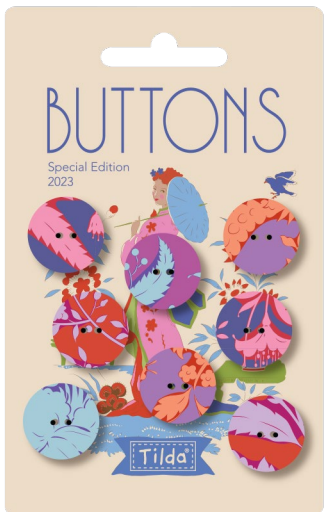

The Abloom blenders, which are certainly bolder than a typical blender, are a new favorite. They work just as well for a tablecloth as tiny patchwork tesserae. I find them versatile and fun to work with.

With Bloomsville, I have challenged myself with color, and it has been a joyful adventure. Vibrant colors are what bring the patterns of Bloomsville together, creating a bold and fresh summer collection.

Bloomsville is quintessential for sunny summer projects. We have designed a selection of coordinating quilts and pillows that will be released on tildasworld.com with the collection.
