Bon Voyage!

Summer 2020

Bon Voyage!

Inspired by tiles and pottery from travels to distant shores, the designers love for ceramics is apparent in the Bon Voyage collection. Colors are made softer than you would often see in pottery to be more in keeping with the Tilda concept. To mix up the larger tile-inspired patterns and to make the collection more user friendly, a series of smaller patterns in matching colors makes up half the fabrics. It's easy and fun to juxtapose large and smaller patterns in interesting patchworks. The Bon Voyage collection is both classic and modern, and will give your quilts a real summer flair reminiscent of mosaics made of ceramic tiles.

Upon request from costumers the popular "Sophie" pattern is back as a basic with **four** new colors. This pattern is a perfect classic floral blender for any collection.

We welcome a new friend, this time a doll, among the animals in the Tilda Friends concept. To set her apart from all the individual Tilda dolls we decided to call her "Fia". She is designed to fit all the clothes in the concept. Her hair buns are sewn, filled and stitched on before being wrapped in yarn to give her a distinctive look, but you can of course create any hairdo. We will also add a new summer shirt dress to the Tilda Friends concept.

New natural hair colors, Blond, Ash Blond, Brown and Dark Brown are perfect for Fia and other Tilda Dolls. The hair comes on sweet mini yarn balls, enough for about four hairdos.
