Summer 2021

# Gardenlife

Bring the gardens of summer inside your home with the larger florals and soft, fresh colors of the Gardenlife collection. Inspired by vintage botanicals in modern hues, Poppies, Nasturtium, Peony and Petunia are some of the flowers competing for attention. This collection is perfect for flowery summer quilts.

We are also delighted to add five new colors to our popular quilt quality Chambray Basic collection, to match the designs for spring and summer. Chambray has also been used on the season's buttons. In this garden you will also find new Tilda Friends in the shape of frogs sewn in Sage and Olive Chambray, in addition to the patchwork frogs that appear in the Puddle Frog quilt and pillows.
