HOMETOWN PROJECTS

This time we have a collection of cozy, homey projects that will all be released on tildasworld.com with the collection – the Henhouse Quilt and Hen Pillows for those of you who dream about fresh eggs every morning. Our Putting Down Roots Applique Quilt and Pillows, with a small homestead growing on top of a flower, symbolize building a home, life and growing a family. Homestar Quilts have taken inspiration from vintage hallway mosaic floors and are perfect if you like detailed projects. The simpler Plaid Porch Quilts and Pillows are perfect as quick weekend projects or for beginners.

HOMETOWN

Home is where the heart is, and perhaps never more so now, for many of us. Being a city girl, I once took the leap and moved to the country, the kind of small community where everyone knows each other and the bus driver stops right outside your door. Picket fences, apple gardens and friendly gatherings are all a part of country life, and we feel lucky to have found our place on earth.

Hometown is a cozy collection where the love of home and community has been my main inspiration. Drawings of neighborhoods, houses, gardens and gatherings in Autumn colors are perfect for your homey quilts and projects. The collection has a mix of patterns brought together by a sprinkled look that will make them seem to interlace in a patchwork. The rusty red tones – perhaps combined with green – will also work well for your Christmas projects.

This season we are also releasing a new basics collection, Chambray Dots in ten colors. With larger printed dots on woven, quilt-quality chambray, this collection has a lovely rustic look.
