PIE IN THE SKY PROJECTS

I have always loved vintage quilts and Pie in the Sky seemed like the perfect collection to steep with historical references. The flower patterns and choice of colors in this collection are reminiscent of 30s and 40s fabrics and are well-suited for a vintage look.

Forever Yours quilts with matching pillows take their inspiration from the "double wedding band" quilt design which dates back to the 17th century. Our version is a bit easier to piece together by machine. I've always also loved old "fan" quilts - hence our Fan Bird quilt and pillows. The Head in the Clouds quilt is inspired by the theme of the collection. I imagine, quite literally, your head in the clouds when you snuggle under it.

All the projects will be released as free patterns on tildasworld.com with the collection release.

Pie in the Sky

SPRING/SUMMER 2023

Growing up, I always heard I was an incorrigible daydreamer, never in the moment, my head constantly in the clouds. My mind would wander from the classroom into a world of shapes and colors, completely forgetting where I was. Constantly drawing and building things, often several hours going by, without me being aware of it.

This collection is a sweet and colorful nod to children like me who struggle with dyslexia and cope by creating alternative, creative worlds full of ideas – hence the collection name, Pie in the Sky. By being patient and continuing to create, you will eventually find your place in the world.

The Pie in the Sky collection is a fresh array of fabrics for spring and summer, with doodle-like flowers giving the designs a naive and effortless feel. The sweet motives and colors have a vintage look that was the point of departure for several quilt designs. Fun fabric names like WillyNilly, Whimsybird, TopsyTurvy and Cloudpie invite you to indulge in a happy, creative sewing escape.

The projects created with this collection take inspiration from well-known vintage quilt designs such as “double wedding band” and “fan” quilts.

The projects will be released on tildasworld.com with the collection.
