WOODLAND

WINTER 2020

WOODLAND

Inspired by the forest, Woodland is the perfect collection if you want to create a lovely winter feeling in your home. Hand drawn images of foliage, trees and animals with matching florals in a winter color palette sets the tone.
The red and sage color hues also lend themselves well to Christmas projects.

We are very excited to present a new basic collection of beautiful Chambray fabrics with a lovely quilt quality. Woven with a colored weft and white wrap, the Chambray collection has a soft, rustic look that will work wonders in any quilt.
